

Eric Ziouane

French | 24 years old
Junior Web Developer

ABOUT ME

Self starter and learner. I am very independant & proactive person who enjoy tech. I am looking for a job as a junior Web Developer, or a related job in this industry.

I have a good understanding of Internet technologies and Front-End developpement. With a little experience in building websites for medium/large companies.

My goal is to gain experience working on a real project, with a talented team.
